and Wragg have agreed to fabricate goal post made from 3 inch tubular posts measuring 6 foot high and 12 foot across at cost (£325 +VAT).

The posts will fit into a tubular frame in the ground so they can be removed if the field is to be used for other activities.

One of the parents at the school has offered to pay for the nets and a group of parents are also prepared to position the goal posts in the field.

Friends of Litton have indicated that they would be willing to give a donation towards the cost of the goal posts via the School.

James also mentioned that there is a group of residents prepared to repair the stocks, but that a small amount of money was necessary for wood and fixings.

Lastly James wanted the Council to be aware that the grass heaps at the Cemetery are not rotting down sufficiently and that they need to be distributed under the trees around the edged before the growing season starts.

At this point Mr Warriner left the meeting.
