### **2722 CORRESPONDENCE**

It was noted that the following correspondence had been received and circulated to Councillors since the last monthly meeting.

- An update was received from the Police regarding reports of suspicious persons and vehicles in the area recently. Such behaviour should be reported and if a registration number of a vehicle can be noted this very much helps with the police's enquiries. Whilst there have not been any recent reports of burglary in Litton there have been incidents in Baslow, Bakewell and Bradwell and so all residents should be mindful of their security and not to leave high value items on display in their vehicles. High value pedal cycles are a growing trend in regards to thefts. Storing these items in a shed alone is unfortunately not enough to deter a criminal as sheds are, by their very nature, easy to force entry to and further efforts should be made to secure them using heavy duty bicycle/ motorbike chain locks preferably attached to something heavy and immovable such as a ground anchor.
- A consultation by the Local Government Boundary Commission for England, regarding the division of boundaries for Derbyshire Council.
- An invite to a webinar about 'on-street lamppost EV-charging' was circulated.

**IT WAS RESOLVED:** That Councillors Brunt and Gamble will attend to find out more details.

There being no further business the Chair declared the meeting closed at 10.05pm.
